14. Is there anything else you would like us to know about why the LGBT community should support your candidacy?

Representation of out LGBTQ people in government is important. For people who identify as bi, such as myself, fighting bi invisibility by being publicly out as an officeholder can encourage others to both be out, and seek public service.

Since 2008 I have volunteered with Equality Florida most years on their Lobby Day to fight for LGBTQ equality in Florida's legislature, and I have advocated in favor of LGBTQ "Human Rights Ordinances" at the local level. Soil and Water Conservation District business may not necessarily intersect with LGBTQ issues obvious ways, but I certainly feel that it's appropriate as a public official, even as far down-ballot as my office is, to be vocal in my support of LGBTQ equality.

By signing this questionnaire, you are stating that if selected you would accept the public support and endorsement of the Capital Equality Caucus and the Florida LGBT Democratic Caucus.
